Dear (b) (4):

EPA has reviewed and approved (b) (4) product control measures for (b) (4). No further action is necessary at this time.

(b) (4) please work with your certification body to update your ENERGY STAR listings, if applicable.

Please note that if your organization seeks to deviate from the approved product control measures, including dates of completion, it must notify EPA prior to doing so.

Dear (b) (4):
(b) (4) may re-certify the model. As stated in the letter you received on (b) (4), if (b) (4) chooses to submit these products to ENERGY STAR for re-qualification, it must do so under different model numbers. Please contact your certification body, the National Fenestration Rating Council, to re-certify the product under a new model number.
(b) (4) is still required to submit Product Control Measures, which serves as a corporate certification, for the product(s) identified as affected. Your submittal of corporate product control measures should be made using the standard Partner Response Form (PRF) available at www.energystar.gov/prf, as outlined in the disqualification letter you received on (b) (4) (attached). Please submit (b) (4) completed PRF and any supporting documentation to enforcement@energystar.gov and [Mariah Steele](mailto:Steele.Mariah@epa.gov) by (b) (4).
.

Thank you.

Good morning Mariah,

I had sent you an email on Monday, (b) (4), requesting to re-qualify this product (please see attached email). Can you provide instructions on how to do so please.

Thank you,

(b) (4)

Subject: URGENT: Response to Testing Failure Notification Required Case #: WDS01-2019-01

Dear (b) (4):

You are receiving this notice because our records indicate that (b) (4) has not submitted a Partner Response Form ("PRF") for its disqualified

product as requested by the U.S. Environmental Protection Agency ("EPA") on (b) (4) (see attached).

Organizations responsible for ENERGY STAR products that are disqualified through ENERGY STAR verification testing are required to submit confirmation of product control measures ("PCM") taken to control the sale, distribution and promotion of the affected units in the marketplace.

(b) (4) PRF is overdue. Failure to submit the requested information by (b) (4) may jeopardize its ENERGY STAR partnership benefits.

Please access the PRF at www.energystar.gov/prfnd.

Please submit any correspondence regarding this notice, including the PRF, to [Mariah Steele](mailto:MariahSteele) and enforcement@energystar.gov.

If you believe you have received this message in error or (b) (4) has already submitted the required PRF, please indicate this in your response.

Thank you.
